ON THE DAY

On the day of your charter, Luke is always your first contact point to arrange getting to the boat or for deliveries etc on the day.

Motorised Buggy Service

If you require a motorised buggy service it can be arranged at \$22.00 a buggy (one way). You are best to wait at the marina lobby area to have the buggy bring you down to the boat. Please ask reception at the lobby to send a buggy to take you to location P26C (Dakota). Buggies are best booked well in advance of your charter to ensure confirmation of service (Marina office: 9071 7604). Buggies need to be paid for by the customer at time of booking and are a service provided by the Marina and not Circa Sail.

Deliveries to the Yacht

We will accept deliveries to the boat for your charter strictly 1 hour or less before the trip at no extra charge. Outside of this extra fees will apply at \$50 an hour (plus tax). Pick up of items by crew other than at the security gate as marked on the map also incurs a \$50 charge (plus tax).

*Special delivery times and pick ups can be arranged but extra fees will be payable

**Please note there are strict policies on allowable decorations on boats so as to avoid pollution of our waters. Balloons are strictly prohibited. If in doubt as to whether your decorations are allowed, please discuss with our staff beforehand and to avoid disappointment.
